I have been unable to give attention
to your esteemed favor of 24th ult. until today. I would
be obliged if you would send me, or approve, the following
list of your letters 1 (228) 2. (229) 3. (230) 4. (—)

I would also be glad to have in the package all the
Hebrew coins you possess 1 the Shekel - Half & 6th
I already possess) as well as any really fine
1st bronze. I notice lot 324 B - was it sold?
I also notice "Kero rex Decimus (Emperor riding) -
was this a fine piece, with patination, and if so, what
did it bring? I understand this is a favorite piece
with collectors, what is its particular merit?

Very truly

Dr. Sir.

Your letter addressed to me
at my H. Q. has been sent to me here
and I must certainly apologise to you
for not acknowledging receipt of packet early
which duly came to hand. My
time has been so occupied that I have
really done nothing more than glance at
them, having been anxious for quite
a while. I am now on my way to Halifax
by St. John N.B. & expect to be home
Monday week.

I regret very much I did
not bring them with me to examine as notes

as I could then have said true. I may
know say I have decided to return the
electronic piece and some of the rest.
The unknown disappointed me, and I
do not know why it impressed me as a
doubtful piece! I think the price very
high, and shall say \$20 is sufficient.
If you are willing to lend it up at this I
will return it.

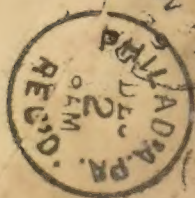

I should like much
to keep the piece till meeting of Annis-
mistic Society, as I think some of the
members may like what I do not care
to return. But as there is a doubt and
the Society does not meet until end
of December, I am afraid to too go
postponed so long, but kindly let me have
in time for my return home.

Why did you not send me
the Johnson piece, which you said you
had.
Yrs truly

Dear Sirs,

On my return to town last week, I found awaiting me a perfect stack of impatient letters from your good offices, which under the circumstances I suppose, ~~are not~~ ^{are not} to be wondered at. I have taken the earliest possible moment to gather your things together, and now return you by Express prepaid No. 44-16-17-19-20-21-22-23-24-25-27-28-29- which I find are so labelled - I regret I have not been able to return all, and I think don't then able to see some of my particular friends. I could have placed all for you. I really feel ashamed after so long a time to send you back any; but the fact is, I have not been in Montreal longer during the whole winter, having over 300 American letters to watch, it keeps me running around altogether too much, and if things continue as they do now, I shall have to abandon ~~domestication~~ ^{my office}. I have got to deliver and collect for No. 436 from Mr James Henderson of Indianapolis, Ind., who made me the offer last February when I saw him, I shall send them off by express tomorrow, and request him to remit at once - I will send you bill now for what is due, giving me credit for the usual 10% com on sales.

In haste Yrs truly

Dr Sirs.

I returned this morning and immediately looked into your matter. I find no collections have been made, so shall have to wait specially for remittances at once. I send you \$50. being in full of my own purchases, and can only say, that if the parties do not remit me between this and the 1st June, I shall then send you balance with interest, from myself. If I should unfortunately be absent, which I do not anticipate, I think I shall be here now for a couple months pretty steadily, you may draw upon me, if by the 4th or 5th June, you have not received the money. I shall instruct my cashier to take up. I regret excessively, the annoyance to which you have been put, but I can assure you, it has not been my fault; and it has taught me one lesson, which is, not to undertake to sell for other people, and consequently in future I shall confine myself to purchases made at auction sales.

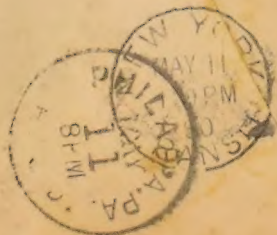

Yours truly

Dear Sir,

I am enclosing for you
the balance of \$52.⁰⁵. I regret ex-
ceedingly the acrimonious feeling ~~the~~ transaction
has engendered on your part, as I consider
I am the victim, if any one. I have done my
best, with the little reserve I have had, to
sell the greater part of the consignment,
and had I not been assured by would-be
purchasers, that they would take the prices,
I should have returned them long ago, and
ended the matter. But my frequent absence
has altogether prevented me seeing the parties
at proper time, so that I have not been
able to place as many as I had wished.
Mr Hudson was absent when I called to
have him his prices, and as he has I suppose
not yet returned, I don't know where. Where
I am afraid, at the price, they are likely to
remain, for I expect he has repeated the
offer he made. I know very few for them and
end the matter.

Collectors in Canada are such
a wealthy class, and it is very difficult
to inculcate a taste where none exists, hence
the difficulty of placing coins here.

Very truly yours
Charles E. H. Webb
